

JUL 25 1942

U. S. Department of Agriculture

Report on activities of the
Farm Security Administration medical care program
through county, district, and state units
based on reports of units for the month of January, 1942.

Resume of Membership TotalsTypes of Service Offered

Physicians' service only or in combination with
other types of service
Hospital Service only
Drug Service only
Physicians', Hospital, and Drug
Less duplications*(Physicians' and Drugs)
Total Physicians', Hospital and Drug Service
Dental Service only
Physicians', Hospital, Drug, and Dental Service
Less duplications*(Dental)
U. S. Total

No. of Units	No. of Counties	Membership Families - Persons	
782	972	108,254	569,936
3	3	920	5,574
1	1	184	909
786	976	109,358	576,419
2	2	278	1,456
	974	109,080	574,963
177	193	26,330	140,474
963	1,167	135,410	715,437
129	141	20,860	112,229
	1,026	114,550	603,208

*In counties having two or more separate units offering different types of service, the membership of the smaller unit or units has been deducted on the assumption that these families hold membership in the larger or largest unit.

- a/ Types of Service: 1 - Physicians; 2 - Surgeons; 3 - Hospital; 4 - Drugs; 5 - Dental
- b/ Figures shown represent the average annual membership fee as of October, 1941 for all units in the respective states then offering the indicated service.

- c/ These figures do not apply to the entire membership shown on the line, though the rates may be considered representative. The figures cover activities of units operating on a fee-for-service basis, shown in the columns recording charges and services under the various state headings to have submitted reports for January. The total of such units, counties, and members covered by reports on the various types of service for January are as follows:

Type of Service	No. of units	No. of counties	Membership		Per cent of total
			Families -	Persons	Membership
Physicians and Surgeons	434	543	56,188	288,240	57.3
Hospital	211	262	31,628	161,286	52.4
Drugs	123	171	21,815	114,164	49.2
Dental (Separate units)	77	81	12,180	64,132	55.3
Dental (Combined with other types of service)	58	90	6,983	34,602	50.2

- d/ This figure represents the amount paid rather than approved charges for units paying for service on the basis of the number of families for which each physician, hospital, or dentist has accepted responsibility for professional care. U. S. And Regional totals also represent the experience of these units operating on the capitation plan, and submitting reports this month.

- e/ For reporting units operating on a fee-for-service plan. Total members (persons) on the basis of which these rates have been estimated include the membership of all reporting units which offer hospital service, regardless of whether or not any hospital service was rendered this month. For units in each state reporting hospital service without reporting the number of days hospitalized, the number of days has been estimated on the basis of the average days per person hospitalized during the month for units reporting this information in the same state. For states having no units reporting hospital days no rate is given.

- f/ These units pay not more than fifty per cent on charges at the end of each month or quarter, delaying further payments until the end of the year. Per cent paid is estimated on the basis of amounts that could be paid if all funds available for payment of bills this month were distributed.

- g/ Membership totals for these units are taken for months other than January.

Newly reported units (medical)

Region III

Illinois; Effington and Richland Counties
Ohio; Guernsey, Huron, and Noble Counties

Region IV

Kentucky; Morgan County

Region V

Florida; Hamilton County

Region VI

Mississippi; Lincoln County

Region X

Montana; Brockwater and Meagher Counties,
(a two county unit)

Region XI

Idaho; Bonner County

Newly reported units (dental)

Region V

Alabama; Sumter County
Georgia; McDuffie County

U. S. Department of Agriculture

Report on activities of the
Farm Security Administration medical care program
through county, district and state units
based on reports of units for the month of February, 1942

Resume of Membership Totals

Types of Service Offered	No. of units	No. of counties	Membership Families - Persons	
Physicians' service or in connection with other types of service	790	980	108,257	568,759
Hospital Service only	3	3	920	5,574
Drug Service only	1	1	184	909
Physicians', Hospital, and Drug Service	794	984	109,361	575,242
Less Duplications* (Physicians, Hospital, and Drug)	2	2	278	1,456
Total Physicians, Hospital and Drug Service		982	109,083	573,786
Dental Service only	182	198	27,054	144,715
Physicians', Hospital, Drug, and Dental Service	976	1,180	136,137	718,501
Less duplications (Dental)	136	148	21,486	114,771
U. S. Total		1,032	114,651	603,730

*In counties having two or more separate units offering different types of service, the membership in the smaller unit or units has been deducted on the assumption that these families held membership in the larger or largest unit.

(a) Type of service; 1,- physicians; 2, - surgeons; 3, - hospital; 4, - drugs; 5, - dental.

(b) These figures do not apply to the entire membership shown on this line, though the rates may be considered representative. The figures cover activities of units operating on a fee-for-service basis, shown in the columns recording charges and services under the various state headings, to have submitted reports for February. The total of such units, counties and members reporting on the various types of service for February are as follows:

Type of Service	No. of Units	No. of counties	Membership		Percent of total membership
			Families	Persons	
Physicians and Surgeons	471	599	60,874	312,939	56.2
Hospital	231	287	33,755	173,522	55.6
Drug	153	176	22,678	119,138	48.2
Dental (Separate units)	86	90	12,284	66,124	54.4
Dental(Combined with other types of service)	61	86	7,652	37,434	57.5

(c) This figure represents the amount paid rather than approved charges for units paying for service on the basis of the number of families for which each physician, hospital, or dentist has accepted responsibility for professional care. U. S. and regional totals also represent the experience of these units operating on the capitation plan and reporting this month.

(d) For reporting units operating on a fee-for-service plan - Total members(persons) on the basis of which these rates have been estimated, include the membership of all reporting units which offer hospital service, regardless of whether or not any hospital service was rendered this month. For units reporting hospital service without reporting the number of days hospitalized, the number of days has been estimated on the basis of the average days per person hospitalized, during the month, for units reporting this information in the same state. For states having no units reporting hospital days no rate is given.

(e) These units pay not more than fifty per cent on charges at the end of each month or quarter, delaying further payments until the end of the year. Percent paid is estimated on the basis of amounts that could be paid if all funds available for payment of bills this month were distributed.

(f) These units pay charges for drugs in excess of \$1.50 for each case of illness. Totals shown here, therefore, represent only this excess.

(g) Membership totals in these units is taken from reports for months other than February.

- a/ Types of service; 1 - physicians; 2 - Surgeons; 3 - Hospital; 4 - Drugs; 5 - Dental
- b/ Figures shown represent the average annual membership fee as of Feb. 1942, for all units in the respective states then offering the indicated service.
- c/ These figures do not apply for the entire membership shown on the line though the rates shown may be considered representative. The figures cover activities of the units operating on a fee-for-service basis shown by entries in the column recording charges and services under the various state headings to have submitted reports for March. The total of such units, counties, and members are as follows:

Type of Service	No. of units	No. of counties	Membership		Per cent of total Membership
			Families	Persons	
Physicians and Surgeons'	481	588	60,063	311,030	61.5
Hospital	231	287	34,729	179,680	57.1
Drug	169	192	24,633	131,220	52.0
Dental (separate units)	112	118	16,874	91,052	71.9
Dental (combined units)	72	104	9,538	47,029	65.1

- d/ This figure represents the amount paid rather than approved charges for units paying for service on the basis of the number of families for which each physician, hospital or dentist has accepted responsibility for professional care. U. S. and regional totals also represent the experience of these units operating on the capitation plan and submitting reports for the month of March.
- e/ For reporting units operating on a fee-for-service plan. Total members (persons) on the basis of which these rates have been estimated include the membership of all reporting units which offer hospital service, regardless of whether or not any hospital service was rendered this month. For units in each state reporting hospital service without reporting the number of days hospitalized, the number of days has been estimated on the basis of the average days per person hospitalized during the month for units reporting this information for the same state. For states having no units reporting hospital days no rate is given.
- f/ These units pay not more than fifty per cent at the end of each month or quarter, delaying further payments until the end of the year. Per cent paid is estimated on the basis of amount that could be paid if all funds available for payment of bills this month were distributed.
- g/ Membership totals for these units taken from reports for months other than March.
- h/ These units pay for drugs in excess of \$1.50 for each case of illness. Totals shown therefore represent only this excess.

Newly reported units (medical)

Region IV

Tennessee, Dekalb County

Region V

Florida, Marion County

Georgia, Cherokee County, Ware County added to Brantley-Pierce County unit making a three county unit; and a new three county unit in Montgomery, Treutlen, and Wheeler Counties.

South Carolina: Greenville County

Region VI

Mississippi: Perry County and a second unit in Tallahatchie County.

Region VIII

Oklahoma: Sequoyah County

Texas; Anderson County

Region XI

Idaho; Butte and Custer Counties, a two county unit.

Discontinued units (medical)

Region IV
